

# RADLINQ Tablet and Mobile

Now it is easier than ever to access RADLinQ with our new versions for tablet and mobile. RADLinQ can be accessed at [myradlinq.com](http://myradlinq.com) on both iOS® (optimized for Safari browser on iPad 2® and up, and iPhone 4® and up) and Android® (optimized for Chrome and Firefox browsers on Samsung Galaxy® tablets and phones).

Icons graphically indicate whether images and reports are available for viewing.

Send Peer Review Request or share results with a colleague.

Patient history is available at a glance.

Easily select a Date of Service to view

Click Search to look for images by patient name, modality, date range, or by facility.

Customizable look and feel

**RADLinQ Tablet Web**

**RADLinQ Mobile Web**

Swipe right to view Reports →  
← Swipe left to view Images

Use Actions to Print Reports, or view images in another DICOM Viewer

Hit Zoom button, then pinch image in or out to zoom.
